

Prescription Drug Benefits

When you enroll in a BlueCross BlueShield of TX Medical plan, you are automatically enrolled in prescription drug coverage using the BCBS prescription formulary. Prescription drug coverage is one of the most valuable, but also one of the most expensive benefits offered. You are encouraged to discuss lower-cost alternatives with your physician and check the drug list on the BlueCross BlueShield of TX prescription website at bcbstx.com.

Retail Pharmacy

Pay less and eliminate the need for claim forms when you use In-Network pharmacies for your prescriptions. Show your BCBS ID card to your pharmacist and pay the amount shown in the medical benefits summary chart.

Home Delivery Service

The BCBS Home Delivery service is a convenient, cost-effective way to receive up to a 90-day supply of prescription drugs. Your medication delivered by mail direct to your home or work address. To learn more about the Home Delivery Service, call 800-521-2227.

More Ways to Save

Always discuss drug options with your doctor, such as if a generic is available or if a combination of lower-cost drugs is available that will have the same effect. Get familiar with discount programs, such as the McGriff Discount Rx Card (see next page), GoodRx, or those that may be available online.
